

HADLEY MOUNTAIN HIKE & SHMALTZ BREWERY WITH BROTHERHOOD SUNDAY OCTOBER 15TH 2017

This beautiful hike climbs to the summit of Hadley Mountain which showcases a restored fire tower along with expansive views of the Adirondack High Peaks and Great Sacandaga Lake. This is a short hike of only 1.8 miles to the summit (3.6mi Round Trip) and has difficulty level of moderate because of the Elevation Gain of 1,500 ft. However the trail up Hadley is rarely steep and crosses many open areas in the final half mile to the summit.

If the weather is nice we will relax on the summit, enjoying the views & fall foliage while snacking/ eating lunch before heading back down the mountain at a leisurely pace. On the drive home we plan to stop at the Shmaltz brewery for a sampling of their Seasonal Brews.
