

***SLEEPING BEAUTY MOUNTAIN HIKE & SHMALTZ BREWERY
WITH BROTHERHOOD
SUNDAY OCTOBER 14TH 2018***

One of the best family-friendly hikes on the southeastern shoreline of Lake George is Sleeping Beauty Mountain. Sleeping Beauty Mountain on the east side of Lake George is a moderate hike with a few steeper switchbacks. This hike is suitable for older children who will be able to handle the rocky switchback sections. This is a short hike of only 1.8 miles from Darcy Clearing to the summit (3.6mi Round Trip) and has difficulty level of moderate because of the Elevation Gain of 1,000 ft.

If the weather is nice we will relax on the summit, enjoying the views & fall foliage while snacking/ eating lunch before heading back down the mountain at a leisurely pace. On the drive home we plan to stop at the Shmaltz brewery for a sampling of their Seasonal Brews.
