### How Did We Get Here? A Look at Where We Stand with Rabbi Norman Mendel

In honor of the congregation's 180th anniversary we will explore the rise of the reform movement from events in Europe and its coming to America. We will look at the platforms that are the foundation of our present approach to living as reform Jews in a fast changing world.

We hope you can join Rabbi Mendel for these relaxed conversations. You do not have to attend them all to enjoy them!
